**(Change of Disclosure Matters) Notice Concerning Transfer of Shares of Specified Subsidiary
Engaged in Scientific Solutions Business**

Olympus Corporation ("Olympus") hereby announces the postponement of the commencement date of the transfer of all shares of Evident Corporation ("Evident"), a specified subsidiary of Olympus, to K.K. BCJ-66, a special purpose company indirectly owned by funds advised by Bain Capital Private Equity, LP (together with its affiliates, "Bain Capital").

1. Reasons for postponement of commencement of the transfer

The transfer is subject to certain conditions including obtainment of approvals from relevant authorities pursuant to the competition laws and related laws and regulations of Japan and other relevant jurisdictions. However, due to the expectation that additional time will be needed to obtain such approvals in certain countries, the conditions for the commencement of the transfer are not expected to be satisfied by January 4, 2023, the scheduled commencement date of the transfer. Therefore, after discussion with Bain Capital, we have decided to postpone the commencement date of the transfer from "January 4, 2023 (scheduled)" to "February 2023 (scheduled)".

2. Future outlook

The impact of postponement of the commencement date of the transfer on our consolidated financial forecasts is currently being examined, but we expect it to be immaterial. If any future event which requires disclosure arises, we will announce it promptly.
