

# Overview of Environmental Activities in Fiscal 2008

## 1. Profile of Business Site

Company name: Olympus (GuangZhou) Industrial Co.,Ltd./  
 Olympus (Beijing) Industry & Technology Limited (Pan Yu Branch)  
 Address: No.200-214, YingBin Road, Panyu District, Guangzhou, Guangdong, P.R.C.  
 Telephone (switchboard): (86) 20 - 8487 - 8978  
 Business Activities: Manufacture of imaging products  
 ISO14001 certificate: October, 2004

## 2. Initiatives in the Current Fiscal Year

### Environmental Knowledge Seminars

During environment month in June 2008, 4,300 employees (approximately 95% of all employees) participated in environmental knowledge seminars. The purpose of these seminars was to raise environmental awareness and encourage environmental activities by informing employees about actual contamination incidents that caused serious environmental impacts, and by imparting day-to-day environmental protection skills.

### Firefighting and Evacuation Drills

In November 2008, all employees participated in drills designed to improve firefighting and evacuation drills in preparation for emergencies. There were significant improvements in evacuation performance. Employees took 10 seconds to prepare for the start of evacuation and 3 minutes 45 seconds to clear the site. Firefighting teams were able to assemble within 90 seconds. Employees also learned how to give first aid treatment to injured persons and underwent training in firefighting skills.

### Continuing Efforts to Reduce CO<sub>2</sub> Emissions

In fiscal 2008, OGZ succeeded in reducing CO<sub>2</sub> emissions by 10% compared with the fiscal 2007 level. Related measures included a review of clean room cooling, the optimization of layouts for energy efficiency, a review of cooling in the sound recorder plant, the detection and repair of compressed air leaks, and modifications to the cooling water power system.

## 3. Global Warming Prevention Activities

FY	Energy-related	Non-energy-related	Total
	ton-CO <sub>2</sub>	ton-CO <sub>2</sub>	ton-CO <sub>2</sub>
2006	7,734	0	7,734
2007	8,007	0	8,007
2008	6,999	0	6,999

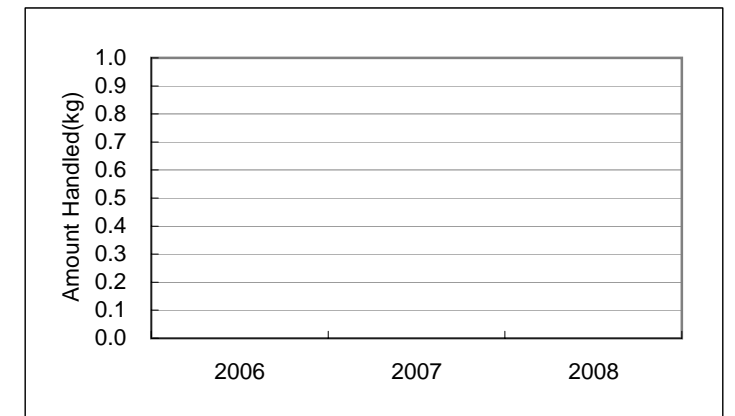

## 4. Effective Resource Use and Waste Reduction

FY	Valuable Resource	Waste	Recycle Ratio
	ton	ton	%
2006	359	24	94
2007	335	15	96
2008	326	15	96

## 5. Reduction of Chemical Substances Used

FY	Amount Handled	Emissions	Transfer
	kg	kg	kg
2006			
2007			
2008			

## 6. Reduction of Water Use

FY	Piped Water	Ground Water	Total
	10,000m <sup>3</sup>	10,000m <sup>3</sup>	10,000m <sup>3</sup>
2006	11	0	11
2007	13	0	13
2008	11	0	11
