

Humanitarian Activities/ Disaster Relief Assistance

A gift of food from Japan to Africa From Japan

Olympus participates in TABLE FOR TWO, a charity program under which 10 to 20 yen from each purchase of designated products is donated to cover meals for children in Africa. The products are being sold at employee cafeterias and vending machines at Olympus facilities and generate more than ¥1 million in donations (equivalent to 50,000 meals) each year. In 2016, the company participated in Global Festa Japan* as booth exhibitor and introduced TABLE FOR TWO.

*Global Festa Japan, sponsored by Japan's Ministry of Foreign Affairs, the Japan International Cooperation Agency (JICA), etc.

TABLE FOR TWO bottled water in original package sold inside Olympus offices.

Employee work day volunteering From the Americas

Olympus Corporation of the Americas (Group company in the US) encourages employees to work as volunteers in their local communities during work hours. In 2016, several hundred employees participated in various activities such as supplying food to the poor, providing cleanup and maintenance of facilities, and reading picture books to children.

Olympus sees the tremendous benefits of employee volunteerism, not only in increasing employee engagement, but in enhancing community awareness and interdepartmental teamwork.

Offering strength to fight natural disasters From Global

For emergency relief assistance in large-scale natural disasters, Olympus supplies not only relief funds but also employees to work as volunteers

in recovery assistance. In the 2016 Kumamoto Earthquake, the Company supplied emergency relief both through funds and volunteer support.
