Company Response to Today's Media Reports

Some media have reported today regarding the sale of our Scientific Solutions Business, which is not announced by Olympus Corporation. As announced on December 17, 2021 in the "Notice Concerning Reorganization of Scientific Solutions Business through Company Split (Simple Absorption-type Split)," we are currently proceeding with our examination regarding a possible transfer to a third party of all shares of the New Scientific Company, Evident Corporation that took over the scientific solutions business through a company split, on April 1, 2022, to a third party, but no decision has been made at this time. We will promptly disclose any information that should be disclosed as it arises.
