Notice Concerning Stock Option (Warrant) Remuneration Grant  
(Notice concerning Decisions on Subscription Requirements)

Olympus Corporation (the “Company”) hereby announces that the Board of Directors has passed a resolution at its meeting which convened today as set out below following decisions on the subscription requirements for stock options to be allotted as a stock option remuneration grant (hereafter referred to as the “Warrants”) to the directors of the Company (excluding outside directors) and executive corporate officers not concurrently serving as directors of the Company as well as the solicitation for subscriptions for the stock option in accordance with the provisions of Article 236(1), Article 238(1) and (2), and Article 240(1) of the Company Act, and pursuant to the decisions of the Remuneration Committee, for the purpose of increasing the morale and preparedness of the directors and officers to contribute to the enhancing of the business results and the corporate value of the Company over the medium and long term.

The specific purchase price of the Warrants and other pending matters are expected to be decided on July 11, 2014, which is the warrant allotment date.

Details

1. Name of the Warrant

The 2nd stock acquisition rights of Olympus Corporation

2. Eligible grantees and the total number of the Warrants

Directors (excluding outside directors)	5 persons	129 warrants
<u>Executive officers</u>	<u>20 persons</u>	<u>281 warrants</u>
Total		410 warrants

The above total number is the expected number to be allotted. Should there be no subscribers, or the total number of the Warrants is less than initially projected, the total number of the Warrants for Subscription to be allotted shall be the total number of the Warrants to be issued.

3. Class and number of the underlying shares

The underlying shares for the Warrants for Subscription shall be the common stock of the Company granted in units of 100 shares per warrant (hereafter referred to as the “Number of Granted Shares”).

In the event the Company carries out a stock split, bonus share allotment, or reverse stock split in respect of the common stock of the Company after the allotment date (as set out in Paragraph 13 below), the Number of Granted Shares shall be adjusted accordingly by the following formula with the resulting fractions of shares omitted.

Number of the Granted Shares after adjustment = Number of Granted Shares before adjustment × Ratio of stock split, bonus share allotment or reverse stock split

The Number of Granted Shares after adjustment shall be applied after the date following the record date for the stock split or bonus share allotment in the case of the stock split or bonus share allotment, and in the case of the reverse stock split the date following its effective date. In the event, however, that the stock split or bonus share allotment is carried out on the condition that the motion to increase capital or a reserve by decreasing the amount of surplus is approved by the general meeting of shareholders of the Company, and a date before the conclusion of the said general meeting is set as the record date for the stock split or bonus share allotment, the Number of Granted Shares after the adjustment shall be applied after the date following the date of the conclusion of the said general meeting of shareholders.

In the event the warrant survives the Company after a corporate merger of either the absorption or consolidation type, or an exchange or transfer of shares which renders the Company a wholly-owned subsidiary, the Number of Granted Shares may be adjusted as deemed necessary according to the ratio of the merger, exchange or transfer. Should the Number of Granted Shares be adjusted, the Company will provide the details by a notice or public announcement to the persons holding the Warrants on record in the stock option registry (hereafter referred to as the “Warrant Holders”) on or before the day before the effective date of the adjustment of the Number of Granted Shares. Should the Company be unable to issue the notice or public announcement on or before the day before the said effective date, the Company will make the notice or public announcement without further delay.
