- Notes: 1. "Number of shares of the Company held" indicates the number of shares held as of March 31, 2017.
2. Process for determining the candidates for Director
- In response to the retirement of Ms. Keiko Unotoro, a proposal from the Company's President for Mr. Tetsuo Iwamura to be made the new candidates for Director was received. Based on this proposal, the Nominating Committee held discussions, and after deliberation concerning the candidates at the Board of Directors meeting held on May 2, 2017, their nomination was approved.
3. Messrs. Shiro Hiruta, Sumitaka Fujita, Takayuki Katayama, Susumu Kaminaga, Michijiro Kikawa and Tetsuo Iwamura are candidates for Outside Director and they are candidates for independent director as provided for in Rule 436-2 of the Securities Listing Regulations of Tokyo Stock Exchange, Inc.
4. Special notes concerning the candidates for Outside Director
- (1) Regarding a cartel for the transactions of automobile wire harness products, Furukawa Electric Co. Ltd., where Mr. Sumitaka Fujita has served as Outside Director since June 2008, was fined 5 million Canadian dollars by the Canadian authority in April 2013, and, in July 2013, the company and its subsidiary Furukawa Automotive Systems Inc. received from the European Commission a decision in which they were fined approximately 4.02 million euros. Furthermore, the company received from the Japan Fair Trade Commission a cease and desist order and a payment order for surcharge for the violation of the Antimonopoly Act in December 2013 concerning work related to overhead power lines ordered by Tokyo Electric Power Company, and also in January 2014

concerning the similar work ordered by the Kansai Electric Power Co., Inc. In April 2014, the company received from the European Commission a decision in which the company was fined approximately 8.86 million euros, regarding a cartel for power cables and related products. In August 2014, the company received from China a decision in which the company was fined 3.456 million Yuan for a violation of the Chinese Anti-Monopoly Law concerning a cartel for transactions of automobile components. Although he was not aware of the facts until they came to light, Mr. Fujita had regularly made recommendations from the viewpoint of legal compliance and promoted awareness. Following the incident, in addition to demanding for a thorough awareness of compliance and the implementation of appropriate measures to prevent a reoccurrence at a Furukawa Electric's Board of Directors' meeting, where the incidences and responses were reported on and debated, and other meetings. Mr. Fujita also monitors the state of implementation of the various such measures.

- (2) Toyo Seikan Group Holdings, Ltd. where Mr. Takayuki Katayama served as Outside Audit & Supervisory Board Member from June 2012 to June 2016, received from the Japan Fair Trade Commission a cease and desist order and a payment order for surcharge for a violation of the Antimonopoly Act in June 2014 concerning transactions of cardboard sheets and boxes at its consolidated subsidiaries. Although he was not aware of the facts until they came to light, Mr. Katayama had regularly made recommendations from the viewpoint of legal compliance and promoted awareness. Since facts came to light, he performed his duties to ensure due execution of business by actively expressing opinions at the Board of Directors' meetings of the Company concerning preventive measures including investigations of the facts and renewed efforts for ensuring legal compliance in the Company.

5. Limitation of Liability Agreement with Directors

The Company has prescribed in the Articles of Incorporation that the Company may enter into an agreement with Directors (excluding those who are operating directors, etc.) to limit their liability pursuant to Article 423, Paragraph 1 of the Companies Act, setting the minimum amount stipulated by law as the maximum liability. If the candidates for Outside Director, Messrs. Shiro Hiruta, Sumitaka Fujita, Takayuki Katayama, Susumu Kaminaga, and Michijiro Kikawa are elected, the Company plans to continue the limitation of liability agreement with each of them. Policy on independence of Outside Directors and Outside Audit & Supervisory Board Members

The Company has established its “Criteria for Independence of Outside Officers” as described below in order to clarify its policy on the independence of Outside Directors and Outside Audit & Supervisory Board Members:

(Criteria for Independence of Outside Officers)

The Board of Directors of the Company assesses the independence of Outside Directors or Outside Audit & Supervisory Board Members (hereinafter, collectively “Outside Officers”) based on the following criteria:

When the independence of Outside Officers is assessed at the Board of Directors, the Nominating Committee composed of a majority of Outside Directors shall, in advance, examine the independence of the relevant persons, and state its opinion and provide advice to the Board of Directors.

1. In any of the past 10 fiscal years, the Outside Officer has not directly received more than ¥10 million in remuneration (excluding remuneration from the Company to Officers) or other assets from the Company and the Company’s affiliates (hereinafter, collectively the “Group”). If the Outside Officer is a consultant, accounting expert or legal expert, the organization to which he or she belongs has not received more than ¥10 million in remuneration or similar from the Group.
2. During the past ten-year period, the Outside Officer has not been an Operating Director, Corporate Executive Officer, Executive Officer or employee of the rank of General Manager or above at a company that falls under the following categories.
 - (i) In any of the past 10 fiscal years, the monetary amount of the relevant company’s transactions with the Group has been more than 2% of the consolidated net sales of either the company or the Group
 - (ii) The relevant company is a principal shareholder of the Company (holding more than 5% of the total number of voting rights of the Company directly or indirectly; the same shall apply hereinafter)
 - (iii) The Group is a principal shareholder of the relevant company
 - (iv) The relevant company has substantive interests in the Group (as a main bank, consultant, etc.)
 - (v) The Group and the relevant company have a relationship in which they mutually dispatch and appoint directors
3. The Outside Officer is not financially dependent on a person who falls under the categories of 1. or 2. above.
4. The Outside Officer is not a spouse of, or a relative within the third degree of kinship of, a Director, Operating Director, Executive Officer or employee of the rank of General Manager or above at the Group.
5. The Outside Officer does not belong to an auditing firm that conducts statutory audits of the Group.
6. In addition to each of the above items, the Outside Officer does not have any significant interest that casts doubt on his or her independence.

5th Agenda: Determination of remuneration for Directors regarding the Restricted Share and Performance-Linked Share-Based Remuneration Plan

With regard to the amount of remuneration for Directors, it was approved at the General Meeting of Shareholders for the 143rd term held on June 29, 2011 that the maximum monthly remuneration be ¥100 million and the maximum annual bonus be ¥350 million. Also, it was approved at the General Meeting of Shareholders for the 145th term held on June 26, 2013 that the maximum annual remuneration of the share-based compensation stock options for Directors (excluding Outside Directors) be ¥200 million.

As the Company decided to review the remuneration system for corporate officers and intends to introduce a restricted share and performance-linked share-based remuneration plan (hereinafter the “Plan”) with the aim of providing the Company’s Directors (excluding Outside Directors, hereinafter the “Targeted Directors”) with the incentive for sustainable improvement of the Company’s corporate value, as well as further enhance value sharing with our shareholders as follows below.

Accordingly, the Company intends to provide monetary remuneration receivables to grant a restricted share remuneration subject to continuous service as Director of the Company for a certain period, and a performance-linked share-based remuneration subject to, in addition to the said condition, the achievement of the medium- to long-term performance targets, in addition to the existing share-based compensation stock options. Moreover, subject to the approval of this proposal, the Company plans to invalidate the existing share-based compensation stock options limit.

The total amount of monetary remuneration receivables provided to the Targeted Directors based on this proposal will be within ¥500 million, comprised of the restricted share remuneration and performance-linked share-based remuneration, on annual basis, separate from that of the existing monthly remuneration and bonus. The specific timing of payment and the allotted amount to each Targeted Director shall be decided at the meeting of the Board of Directors.

The number of Directors is currently eleven (including six Outside Directors). Subject to the approval of Proposal No. 2 “Election of Eleven Directors” in their original forms, the number of Directors will be eleven (including six Outside Directors) and the number of Target Directors will be five.

Details of the Plan

Under the Plan, the Targeted Directors will pay in monetary remuneration receivables provided based on the proposal in accordance with resolution of the Board of Directors in full amount in the form of property contributed in kind, and have the common stocks of the Company issued or disposed of. The total number of the common stocks of the Company to be subsequently issued or disposed of for the restricted share remuneration and performance-linked share-based remuneration combined shall not exceed 150,000 shares on annual basis. In the event, however, that the Company makes a share split (including gratis allotment of the common stock of the Company) or a share consolidation on or after this proposal is approved, or any other unavoidable circumstance arises requiring adjustment of the total number of shares of the Company’s common stock to be issued or disposed of as the restricted shares, the total number of shares shall be adjusted within a reasonable range.

The amount to be paid per share shall be decided at the meeting of the Board of Directors and shall be an amount within a range not specially advantageous to the Targeted Directors that receive common stocks of the Company under the Plan, such as the closing price of the common stocks of the Company at the Tokyo Stock Exchange on the immediately preceding business day of the day of the resolution by the Board of Directors (if transaction is not concluded on such day, the closing price of the latest preceding transaction date).

(1) Overview of the Restricted Share Remuneration Plan

Under the restricted share remuneration plan, in principle, monetary compensation receivables for specific use are granted to the Target Directors in every first fiscal year in order to allot restricted shares, and the Target Directors are allowed to make an investment in kind in the Company using the all monetary compensation receivables. In this way, the Company issues or disposes of its common stocks to the Target Directors and allows them to hold the common stocks. An agreement on allotment of the restricted shares that includes mostly the following provisions

(hereinafter the “Allotment Agreement”) shall be entered into between the Company and each Target Director.

(i) Transfer restriction period

The Target Director may not transfer, offer as security, or otherwise dispose of the common stocks of the Company allotted under the Allotment Agreement (hereinafter the “Allotted Shares”) for a period of minimum 3 years and maximum 5 years that starts from the day of allotment designated in the Allotment Agreement as determined in advance by the Board of Directors of the Company (hereinafter the “Restricted Period”). The restriction described in the previous sentence will hereinafter be referred to as the “Restriction.”

(ii) Lift of the restriction

The Company shall lift the Restriction on all of the Allotted Shares upon expiration of the Restricted Period, on the condition that any of the Target Directors has remained in the position of director of the Company throughout the Restricted Period.

(iii) Handling at the time of retirement

When any of the Targeted Directors retires from the position as Director before the restriction period is over, the Company shall acquire by its right the Allotted Shares without contribution, except such cases as expiry of tenure, death, or any other justifiable reason. In the event where any of the Targeted Directors retires from the position as Director before the restriction period is over due to expiry of tenure, death, or any other justifiable reason, the number of the Allotted Shares on which the restriction will be lifted and the time of lifting the restriction shall be reasonably adjusted as necessary.

(iv) Handling at the time of organizational restructuring

Notwithstanding the provision in (i) above, if a merger agreement under which the Company will become a non-surviving company, a share exchange agreement based upon which the Company will become a wholly-owned subsidiary, a stock transfer plan or other matters relating to organizational restructuring are approved in a General Meeting of Shareholders of the Company during the Restricted Period (or approved by the Board of Directors of the Company in case that approval of the General Meeting of Shareholders is not required), the Company may lift the Restriction on the certain number of the Allotted Shares that will be reasonably determined by resolution of the Board of Directors of the Company prior to the date on which the organizational restructuring becomes effective, in view of the period from the date of commencement of the Restricted Period through the date of approval on the organizational restructuring. Moreover, in the cases prescribed above, the Company shall acquire, by its right and without contribution, the Allotted Shares on which the restriction is not lifted yet as of the time immediately after the restriction is lifted.

(v) Other matters to be determined by the Board of Directors

In addition to the above, the method for expressing intentions and giving notification in the Allotment Agreement, the method for amending the Allotment Agreement, and other matters to be determined by the Board of Directors shall be laid out in the Allotment Agreement.

(2) Overview of the Performance-Linked Share-Based Remuneration Plan

The performance-linked share-based remuneration plan is a performance-linked share-based remuneration system with a target period of three fiscal years, where common stocks of the Company are delivered in a number corresponding to the standard amount of variable remuneration which calculation is based on the position of the Targeted Directors, adjusted within the range of 0% to 150% in accordance with the degree of attainment as of the end of the target period of performance indices predetermined at the meeting of the Board of Directors. The initial target period shall be from the fiscal year ending on March 31, 2018 to the fiscal year ending on March 31, 2020, and from then on, the target period shall be the three consecutive fiscal years starting from the following fiscal year of the first fiscal year in the previous target period. The number of shares to be delivered is not determined as of when the Plan is introduced because the common stock of the Company will be delivered to the Targeted Directors after the target period is over.

Business Report
(April 1, 2016 to March 31, 2017)

I Review of Group Operations

1. Review of Operations

In the global economy during the fiscal year under review, the U.S. economy continued to recover amid gains in personal consumption and improvements in the employment situation, while the trend in both Europe and China has also been one of moderate improvement. However, the outlook remains uncertain due to factors that include policy developments following on the change of government in the U.S. and the decision in the United Kingdom to leave the EU. In the Japanese economy, the trend of moderate improvement has persisted amid recovery in corporate earnings due mainly to depreciation of the yen that has taken place since the presidential election in the U.S.

Amid this business environment, the Olympus Group newly formulated the 2016 Corporate Strategic Plan (“16CSP”) to act as a five-year medium-term management plan which took effect in the fiscal year ended March 31, 2017, under which it pushed forward in developing a firmly grounded and aggressive business portfolio geared to achieving sustainable growth under its “Business to Specialist” Company and One Olympus basic policies.

In the Medical Business, we forged ahead with efforts geared to increasing numbers of employees needed to fortify production and maintenance systems and enhancing quality assurance (QA) and regulatory assurance (RA), while in the surgical field we promoted development of large-scale new products. In the Scientific Solutions Business, we moved forward with organizational development efforts which involved shifting toward strategies oriented to customer groups, and also released new products that included laser scanning confocal microscopes and industrial videoscopes. In the Imaging Business, in addition to introducing new products such as the flagship mirrorless camera “OLYMPUS OM-D E-M1 Mark II,” we also streamlined operations by narrowing down our core sales areas and also moved a step further forward with cost cutting and other structural reforms.

The Olympus Group’s overall consolidated net sales decreased to ¥748,050 million (down 7.0% year on year), due to appreciation of the yen and other factors that caused revenue to decline year on year in each of the three main businesses of Medical, Scientific Solutions and Imaging. Operating income was ¥76,487 million (down 26.8% year on year), due mainly to the decline in sales. Ordinary income was ¥62,149 million (down 31.6% year on year), due mainly to the decline in operating income. The Company posted extraordinary income of ¥27,757 million which included gain on sales of investment securities, and also incurred income taxes of ¥3,471 million. Consequently, net income attributable to owners of the parent was ¥78,191 million (up 24.9% year on year), a considerable improvement from the previous fiscal year.

During the fiscal year under review, the Olympus Group invested ¥79,178 million on research and development, and spent ¥49,347 million on capital investments.

With respect to foreign exchange, the yen appreciated against both the U.S. dollar and the euro in comparison with the previous fiscal year. The average exchange rate during the period was ¥108.38 against the U.S. dollar (¥120.14 in the previous fiscal year) and ¥118.79 against the euro (¥132.58 in the previous fiscal year), which caused net sales and operating income to down by ¥74,281 million and ¥30,069 million, respectively, year on year.

Note: For monetary amounts indicated in units of ¥1 million, fractions of ¥1 million are rounded off.

2. Results of the Business Activities

Medical Business

Net sales ¥575,285 million (down 5.5% year on year)

Principal products and business
Manufacture and sale of gastrointestinal endoscopes, surgical endoscopes, endo-therapy devices and ultrasound endoscopes

Consolidated net sales in the Medical Business amounted to ¥575,285 million (down 5.5% year on year), while operating income amounted to ¥115,482 million (down 17.6% year on year).

Net sales in the Medical Business fell as a result of the stronger yen, but increased by 4% year on year on a local currency basis which excludes the impact of the foreign exchange rate. In gastrointestinal endoscope field, both sales of the endoscopy platform systems “EVIS EXERA III” and “EVIS LUCERA ELITE,” which are our mainstay products, were strong. In the surgical field, surgical endoscopy systems equipped with 4K technologies and 3D laparoscopy systems generated firm results, while sales of the “THUNDERBEAT” integrated energy device with both advanced bipolar and ultrasonic energy continued to grow. In the therapeutic devices field, sales of “VisiGlide 2” disposable guidewire for use in endoscopic diagnosis and treatment of biliary and pancreatic ducts and others were strong.

Operating income in the Medical Business declined as a result of the stronger yen, but due to strong results in all fields rose by 1% year on year excluding the impact of the foreign exchange rate.

Scientific Solutions Business

Net sales ¥93,227 million (down 8.2% year on year)

Principal products and business
Manufacture and sale of biological microscopes, industrial microscopes, industrial endoscopes and non-destructive testing equipment

Consolidated net sales in the Scientific Solutions Business amounted to ¥93,227 million (down 8.2% year on year), while operating income amounted to ¥5,280 million (down 37.8% year on year).

Net sales in the Scientific Solutions Business fell as a result of the stronger yen, but increased by 1% year on year on a local currency basis which excludes the impact of the foreign exchange rate. While sales of products for hospitals and life science research declined in Europe due to the impact of budget cuts and delays in budget execution, sales were strong in Japan, the U.S. and Asia. Non-destructive testing equipment was also strong, supported by the recovery of commodity prices in the second half of the year, despite having experienced slowdown in sales of industrial microscopes for universities and research institutions.

Operating income in the Medical Business declined as a result of the stronger yen, but rose by 3% year on year excluding the impact of the foreign exchange rate, as a result of controls placed on expenditures.

Imaging Business

Net sales ¥65,574 million (down 16.2% year on year)

Principal products and business
Manufacture and sale of digital cameras and voice recorders

Consolidated net sales in the Imaging Business amounted to ¥65,574 million (down 16.2% year on year), while operating income amounted to ¥498 million (compared with an operating loss of ¥2,064 million in the previous fiscal year).

Ongoing moves to reduce the size of the Imaging Business to a scale more appropriate for the shrinking market and the impact of the Kumamoto earthquake of April 2016, which caused delays in the supply of some products, resulted in lower sales for the Imaging Business.

The Imaging Business returned to profitability after having recorded a loss in the previous fiscal year due to progress made in pushing down expenses combined with positive effects of introducing new products, including the flagship mirrorless camera “OLYMPUS OM-D E-M1 Mark II.”

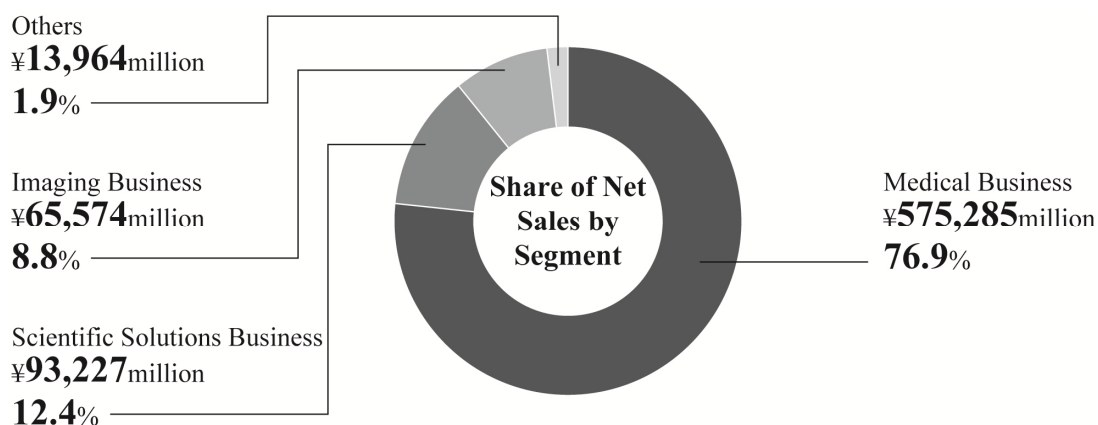

Others

Net sales ¥13,964 million (down 11.4% year on year)

Principal products and business
System development, Manufacture and sale of biomedical materials, etc.

Consolidated net sales for other businesses amounted to ¥13,964 million (down 11.4% year on year) and operating loss was ¥4,621 million (compared with an operating loss of ¥5,800 million in the previous fiscal year).

Net sales for other businesses declined as a result of having reorganized our non-core business domains through initiatives that included transferring shares in Nippon Outsourcing Corporation, a subsidiary of the Company. Also, operating loss for other businesses decreased, reflecting a reduction of expenses.

3. Changes in Assets and Results of Operation

	146 th term	147 th term	148 th term	149 th term

Note: See “I Review of Group Operations 1. Review of Operations” on pages 25 to 26 above for details on results for the 149th term (current fiscal year).

4. Financing and Capital Investment

(1) Financing

There is no relevant information.

(2) Capital investment

A total of ¥49,347 million was spent this fiscal year in capital investment. Major expenditures included equipment for demonstrations and new construction of research and development facility buildings and factory buildings.

5. Future Challenges

Looking ahead with respect to the global economy, concerns of a downturn in business conditions are likely to intensify despite an overall trend of economic recovery, amid developments that include policy moves undertaken by the U.S. government and issues with respect to the United Kingdom's decision to leave the EU. In the Japanese economy, despite the likelihood of ongoing recovery on the back of improved corporate earnings, prospects ahead remain uncertain amid negative factors that include growing uncertainties regarding the global economy and volatility in financial and capital markets.

Under the circumstances, the Group is committed to steadily implementing the priority strategies listed below, in accordance with the 2016 Corporate Strategic Plan ("16CSP"), a five-year medium-term management plan which takes effect in the fiscal year ending March 31, 2017, with the aim of achieving medium- to long-term growth.

Priority Strategies

- (i) Take action to grow businesses
- (ii) Acquire necessary management resources in a timely manner and fully leverage these resources
- (iii) Advance forward-looking preparations to realize continued growth
- (iv) Pursue further business efficiency improvements
- (v) Enhance management on a global and Groupwide basis
- (vi) Strengthen QA/RA and internal controls and promote strict compliance

As for each segment, in the Medical Business, we aim to expand the scale of our operations and improve our earnings capacity by providing value in terms of both early diagnosis and minimally invasive therapies, by proactively investing in each of this segment's business units, namely GI (gastrointestinal), Res (respiratory), GS (general surgery), Uro/Gyn (urology/gynecology), ENT (ear nose throat), and Medical Services. We will work to achieve dramatic growth in both the therapeutic devices and surgical fields while maintaining our overwhelming competitive strengths in the gastrointestinal endoscope field, while furthermore taking steps to improve profitability in the Medical Business also by strengthening business involving single-use devices. In the Scientific Solutions Business, we will establish an earnings platform by promoting strategies oriented to customer groups, while also taking steps geared to enhancing shared business functions and streamlining operations through globally integrated management. In the Imaging Business, we will establish a profitable operating structure by boosting business efficiency, while also pursuing initiatives geared to improving our responsiveness to the changing market and working on variable measures to establish a solid position for our brand.

The Group remains committed to enhancing the overall group governance on a global basis, while strengthening our standards and regulations concerning quality and products and ensuring compliance therewith.

To our shareholders, we appreciate your continuing support and understanding.

10. Other Important Matters Concerning Group Operations

- (1) As a result of inappropriate financial reporting associated with the Company's postponing of the recognition of past losses, the Company's shareholders and others filed lawsuits. These actions could have an adverse impact on the Olympus Group's business performance and financial position. As of May 16, 2017 (hereinafter "as of present"), the total amount of damages claimed in relation to this matter is ¥29,407 million, of which the main lawsuits are as follows.

On April 7, 2014 (the date of the service of the complaint was April 17, 2014), a total of six banks including Mitsubishi UFJ Trust and Banking Corporation and five other trust banks filed a lawsuit against the Company seeking compensation for damages by payment of ¥27,915 million and the interest accrued to the damages incurred relating to each of the shares at the rate of 5% per annum for the period from the day immediately following the share acquisition trade date of each of the shares that incurred losses up to the payment of the incurred losses of the shares.

- (2) In order to clarify the responsibility for the series of problems related to the postponement of the recognition of past losses, we established the Director Liability Investigation Committee and the Non-director Management Liability Investigation Committee and conducted a strict and thorough investigation. Based on the results of the investigation, in January 2012, we filed a lawsuit seeking

damages of ¥3.61 billion against 19 former directors and a lawsuit seeking damages of ¥1.0 billion against five former Audit & Supervisory Board Members, and other lawsuits, in June 2012 and October 2014, seeking damages of ¥1.2 billion in total against five outsiders who facilitated the same incident. With regard to the lawsuit seeking damages against 19 former directors, judicial settlements have been made with 13 former directors on March 24, 2016, with both parties agreeing that a total of ¥72 million shall be paid to the Company as settlement monies for this case, and during the period until present, payment of the settlement monies was made. Moreover, as to the lawsuit for damages we filed against the remaining six former directors (concerning one of the six defendants, however, three heirs acted in substitution), the Tokyo District Court rendered a judgment on April 27, 2017 to order them to jointly pay maximum ¥58,786 million (the abovementioned amount is that in respect of the claims of the lawsuit intervened by the Company's shareholders as co-parties (the two lawsuits were consolidated)). The Company carefully reviewed the details of the judgment consulting with its legal counsel and decided to appeal to the Tokyo High Court because it was dissatisfied with the dismissal of a part of its claims against five former directors. Moreover, concerning a lawsuit seeking damages against five former Audit & Supervisory Board Members, judicial settlements have been reached with four former Audit & Supervisory Board Members (concerning one of the four defendants, however, two heirs acted in substitution) on May 12, 2016 and with one former Audit & Supervisory Board Member on November 28, 2016, with both parties agreeing that a total of ¥34 million shall be paid to the Company as settlement monies for this case, and during the period until present, payment of the settlement monies was made. Other lawsuits are now pending in the Tokyo District Court and Tokyo High Court.

- (3) The Company resolved at the Board of Directors meeting held on April 28, 2017, regarding the acquisition of 100% shares of Image Stream Medical, Inc. (Headquartered: Massachusetts, USA; CEO: Eddie Mitchell) ("ISM"), a U.S. operating room imaging systems integrator, through its wholly owned subsidiary, Olympus Corporation of the Americas ("OCA"). Through the use of a special purpose vehicle (the "MergerSub") and the subsequent merger between the MergerSub and ISM, OCA will acquire the shares of surviving corporation ISM, resulting in ISM becoming a wholly owned subsidiary of OCA (the "Transaction"). After the resolution, OCA, ISM and the MergerSub entered into a mutual agreement for the Transaction on the same day.

2. Overview of content of limited liability agreement

The Company has entered into an agreement with all of its Outside Directors and Audit & Supervisory Board Members to limit their liability pursuant to Article 423, Paragraph 1 of the Companies Act, setting the minimum amount stipulated by law as the maximum liability.

3. Amount of Remuneration for Directors and Audit & Supervisory Board Members

(1) Amount of remuneration for Directors and Audit & Supervisory Board Members, guidelines for deciding on the method for calculating remuneration, and method for deciding

The basic concept behind remuneration for Directors and Audit & Supervisory Board Members is to strengthen their awareness of maximizing corporate value and meet shareholders' needs and to provide compensation appropriate for those responsibilities.

Compensation for Directors (excluding Outside Directors) consists of monthly remuneration, bonus, and share-based compensation stock options. The monthly remuneration is set according to the base remuneration for each position and factors such as contribution to the company. The amount of the total bonus is decided upon taking into consideration consolidated operating income and net income attributable to owners of the parent for the accounting period. Share-based compensation stock option system is to allot subscription rights to shares as remuneration separate from the monthly remuneration and bonus for the purpose of incentivizing Directors to work for medium- to long-term performance improvement and corporate value enhancement. Moreover, Outside Directors are paid only monthly remuneration, not a bonus or share-based compensation stock options.

With regard to remuneration for Audit & Supervisory Board Members, Audit & Supervisory Board Members are paid only monthly remuneration set based on consultations with Audit & Supervisory Board Members, not a bonus or share-based compensation stock options.

■ Composition of Directors' compensation by type (excluding Outside Directors)

(assuming targets for variable compensation are all 100% achieved)

Type of compensation		Ratio to total compensation	
Fixed compensation	Monthly remuneration (Base remuneration)	77%	
Variable compensation	Bonus (short-term incentive)	15%	23%
	Share-based compensation stock options Bonus (long-term incentive)	8%	
Total		100%	

(2) Number of Directors and Audit & Supervisory Board Members paid and total amount of remuneration

	Number of Directors and Audit & Supervisory Board Members	Total amount of remuneration
Director	14	¥450 million
Audit & Supervisory Board Member	5	¥82 million

Notes: 1. By resolution of the 143rd General Meeting of Shareholders held on June 29, 2011, the maximum monthly remuneration for Directors is set at ¥100 million and the annual bonus for Directors is ¥350 million. By resolution of the 145th General Meeting of Shareholders held on June 26, 2013, the maximum remuneration paid in subscription rights to shares allocated as share-based compensation stock options to Directors (excluding Outside Directors) is ¥200 million annually. By resolution of the 138th General Meeting of Shareholders held on June 29, 2006, the maximum monthly remuneration for Audit & Supervisory Board Members is set at ¥10 million.

2. Since there are no Directors who are also employees, there is no payment of employee salaries.
3. Of the above amount of remuneration for Directors and Audit & Supervisory Board Members, the total amount paid to Outside Directors and Outside Audit & Supervisory Board Members (8 Outside Directors, 3 Outside Audit & Supervisory Board Members) is ¥104 million.

4. The numbers of Directors and Audit & Supervisory Board Members who received remuneration shown in the above table include 3 Directors and 1 Audit & Supervisory Board Member who retired on June 28, 2016 upon the conclusion of the General Meeting of Shareholders for the 148th term.

IV Accounting Auditor

1. Name of Accounting Auditor

Ernst & Young ShinNihon LLC

2. Amount of Remuneration

Classification	Amount paid
Remuneration to Accounting Auditor for the current fiscal year	¥337 million
Total amount of money and other financial interests to be paid by the Company and its subsidiaries	¥442 million

- Notes: 1. The audit agreement between the Company and its Accounting Auditor does not distinguish compensation paid for audit work performed in conformity with the Companies Act and compensation paid for audit work performed in conformity with the Financial Instruments and Exchange Act and it is effectively impossible to do so. Therefore, the total amount of these compensation types is presented for remuneration to Accounting Auditor for the current fiscal year.
2. The Audit & Supervisory Board confirmed and reviewed if an audit plan of the Accounting Auditor, the status of executing duties of the accounting audit, the basis for calculation of estimated remuneration, etc. are appropriate, and agreed to the amount of remuneration, etc. of the Accounting Auditor as stipulated in Article 399, Paragraph 1 of the Companies Act.
3. Among the important subsidiaries of the Company, Olympus Corporation of the Americas, Olympus Europa Holding SE and Olympus Corporation of Asia Pacific Limited are audited by auditing firms other than the Accounting Auditor of the Company.

3. Description of Non-Auditing Services

As for non-auditing services, the Company requested the Accounting Auditor give advice and guidance regarding the introduction of International Financial Reporting Standards (IFRS) and paid compensation for the service.

4. Policy for Decisions on Dismissal and Non-Reappointment of Accounting Auditor

The Audit & Supervisory Board will dismiss the Accounting Auditor as necessary, with the unanimous consent of the Audit & Supervisory Board Members, in the event said Accounting Auditor is recognized as falling under any of the item listed in Article 340, Paragraph 1 of the Companies Act.

In addition to the foregoing, the Audit & Supervisory Board will determine the contents of agendas regarding the dismissal or non-reappointment of the Accounting Auditor to the General Meeting of Shareholders, in the event it is recognized that the appropriate performance of duties by said Accounting Auditor is rendered not possible due to events affecting the qualifications and credibility of the Accounting Auditor, or when otherwise deeming the action necessary.

5. Business suspension order to which the Accounting Auditor was subjected during the past two years

Description of disciplinary action, etc. announced by the Financial Services Agency on December 22, 2015:

(1) Subject of disposition

Ernst & Young ShinNihon LLC

(2) Contents of disposition

- Partial business suspension order for three months (Suspension of accepting new engagements) (January 1, 2016 to March 31, 2016)
- Business improvement order (improvement of the operation control structure)

(3) Reason for disposition

In regard to the audit of financial statements for TOSHIBA CORPORATION in the fiscal year ended March 31, 2010, the fiscal year ended March 31, 2012, and the fiscal year ended March 31, 2013, Ernst & Young ShinNihon LLC, in negligence of due care, attested financial statements containing material false matters as those containing no material false matters. In addition, the above mentioned auditing firm's operation of the services was found to be grossly inappropriate.

Pursuant to Article 444, Section 4 of the Companies Act, we have audited the accompanying consolidated financial statements, which comprise the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the notes to the consolidated financial statements of OLYMPUS CORPORATION (the "Company") applicable to the fiscal year from April 1, 2016 through March 31, 2017.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. The purpose of an audit of the consolidated financial statements is not to express an opinion on the effectiveness of the entity's internal control, but in making these risk assessments the auditor considers internal controls relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and results of operations of the OLYMPUS Group, which consisted of the Company and consolidated subsidiaries, applicable to the fiscal year ended March 31, 2016 in conformity with accounting principles generally accepted in Japan.

Emphasis of Matters

We draw attention to "2. Contingent Liabilities (2) Lawsuits, etc." in the Notes to Consolidated Balance Sheet, which describes that, as a result of inappropriate financial reporting by the Company, certain shareholders and shareholder groups, etc. filed lawsuits against the Company. Among these the Company has recorded provision for loss on litigation for some portion, and there is a possibility that other lawsuits may have an impact on the Company's

financial results, depending on future developments pertaining to the lawsuits.

Our opinion is not qualified in respect of these matters.

Conflicts of Interest

We have no interest in the Company which should be disclosed in compliance with the Certified Public Accountants Act.

Pursuant to Article 436, Section 2, Paragraph 1 of the Companies Act, we have audited the accompanying financial statements, which comprise the balance sheet, the statement of income, the statement of changes in net assets, the notes to the financial statements and the related supplementary schedules of OLYMPUS CORPORATION (the "Company") applicable to the 149th fiscal year from April 1, 2016 through March 31, 2017.

Management's Responsibility for the Financial Statements and the Related Supplementary Schedules

Management is responsible for the preparation and fair presentation of these financial statements and the related supplementary schedules in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the financial statements and the related supplementary schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements and the related supplementary schedules based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and the related supplementary schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements and the related supplementary schedules. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements and the related supplementary schedules, whether due to fraud or error. The purpose of an audit of the financial statements is not to express an opinion on the effectiveness of the entity's internal control, but in making these risk assessments the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements and the related supplementary schedules in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements and the related supplementary schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements and the related supplementary schedules referred to above present fairly, in all material respects, the financial position and results of operations of OLYMPUS CORPORATION applicable to the 148th fiscal year ended March 31, 2016 in conformity with accounting principles generally accepted in Japan.

Emphasis of Matters

We draw attention to "2. Contingent Liabilities (2) Lawsuits, etc." in the Notes to Non-Consolidated Balance Sheet, which describes that, as a result of inappropriate financial reporting by the Company, certain shareholders and

shareholder groups, etc. filed lawsuits against the Company. Among these the Company has recorded provision for loss on litigation for some portion, and there is a possibility that other lawsuits may have an impact on the Company's financial results, depending on future developments pertaining to the lawsuits.

Our opinion is not qualified in respect of these matters.

Conflicts of Interest

The Audit & Supervisory Board's Audit Report

Audit Report

Based on the audit report prepared by each Audit & Supervisory Board Member with regard to the performance of duties by the Directors of OLYMPUS CORPORATION (the "Company") for the 149th term (from April 1, 2016 to March 31, 2017), the Audit & Supervisory Board of the Company prepares this audit report after deliberation and reports as follows:

1. Auditing methods used by Audit & Supervisory Board Members and the Audit & Supervisory Board, and details of audit
 - (1) The Audit & Supervisory Board specified audit policies, assigned duties to each Audit & Supervisory Board Member and received reports from each Audit & Supervisory Board Member on the status of implementation and results of audit, and received reports from Directors, etc. and accounting auditors on the status of the performance of their duties and asked them for explanations as necessary.
 - (2) In conformity with the auditing standards stipulated by the Audit & Supervisory Board, and in accordance with auditing policies and the assignment of duties, all Audit & Supervisory Board Members strived to achieve effective communication with Directors, the Internal Audit Department and other employees, collected information and improved the audit environment, and conducted the audit by the following methods.
 - (i) All Audit & Supervisory Board Members attended the meetings of the Board of Directors and other important meetings, received reports from Directors and employees about the status of the performance of their duties, obtained explanations as necessary, reviewed important approval documents, and conducted investigations on the status of the business operations and assets of the Company at its head office and other principal business offices. Furthermore, Audit & Supervisory Board Members also worked to facilitate communication and information exchange with the Directors, audit & supervisory board members and others of the subsidiaries of the Company, and received reports on the business conditions of subsidiaries as necessary.
 - (ii) Audit & Supervisory Board Members received reports periodically from Directors and employees on the content of the resolution made by the Board of Directors concerning the development of a system for ensuring that the performance of duties by Directors conforms with laws and regulations and the Company's Articles of Incorporation, as described in the Company's business report, and other systems prescribed in Article 100, Paragraphs 1 and 3 of the Ordinance for Enforcement of the Companies Act as systems necessary for ensuring proper business conduct by the enterprises consisting of a stock company and its subsidiaries (internal control system), as well as the construction and status of operation of the internal control system developed based on said resolution. As necessary, Audit & Supervisory Board Members also asked for explanations from Directors and employees and expressed opinions. As for internal controls over financial reporting, reports made by Directors, etc. and Ernst & Young ShinNihon LLC about the status of assessment and audit of said internal controls were provided to Audit & Supervisory Board Members, who asked for explanations as necessary.
 - (iii) Regarding the basic policy based on Article 118, Item 3 (a) of the Ordinance for Enforcement of the Companies Act, which is described in the business report, Audit & Supervisory Board Members examined the details of deliberations at the Board of Directors and others in consideration of the status of said deliberations.
 - (iv) We have also monitored and verified whether the accounting auditor maintained independence and properly implemented its audit, received from the accounting auditor reports on the performance of its duties, and asked it for explanations as necessary. The accounting auditor reported to us that the "Systems for Ensuring Proper Execution of Duties" (listed in each item of Article 131 of Ordinance on Accounting of Companies) have been developed in accordance with the "Quality Control Standards concerning Audit" (Business Accounting Council, October 28, 2005) and other applicable regulations, and we asked the accounting auditor for explanations as necessary.

Based on the methods mentioned above, we have reviewed the business report and the supplementary schedules, the financial statements (balance sheet, statement of income, statement of changes in net assets, and notes to financial statements), and their supplementary schedules, and consolidated financial statements (consolidated balance sheet, consolidated statement of income, consolidated statement of changes in net assets, and notes to consolidated financial statements) for the said fiscal year.

2. Audit results

(1) Results of audit of the business report, etc.

- (i) We confirm that the business report and its supplementary schedules present fairly the situation of the Company in accordance with relevant laws and regulations and the Company's Articles of Incorporation.
- (ii) With respect to the Directors' performance of their duties, we confirm that there has been no improper act committed or important violation of applicable laws and regulations or of the Articles of Incorporation.
- (iii) We confirm that the details of the resolution made by the Board of Directors concerning the internal control system are proper. With respect to the description in the business report and the Directors' performance of their duties regarding the said internal control system, we confirm that there is no matter to be pointed out, including internal controls for financial reporting.
- (iv) With respect to the Company's basic policy regarding the persons who control decisions on the Company's financial and business policies, which is described in the business report, we confirm that there are no matters to be pointed out.

(2) Results of audit of financial statements and their supplementary schedules

We confirm that the auditing methods and results of Ernst & Young ShinNihon LLC, an accounting auditor, are proper.

(3) Results of audit of consolidated financial statements

We confirm that the auditing methods and results of Ernst & Young ShinNihon LLC, an accounting auditor, are proper.
